

Vijay Engineering & Machinery Company (VEMC) successfully completed a business deal with **Adlabs Aqua Imagica**, a theme park near the city of Khopoli on Mumbai-Pune expressway, India. The Rs 1,650-crore theme park is owned and operated by Adlabs Entertainment Limited (AEL) and is spread over 300 acres.

VEMC supplied & commissioned 65 motor driven pumpsets of various duty parameters as per their requirement. Kirloskar make End suction pumps like DB, GK, CE and CPHM and multistage pumps like RKB were supplied to the Adlabs site.

The project was received under stiff competition. The whole team of KBL and VEMC has worked closely to ensure that right sizing of the product and accurate solutions is given to the client .

VEMC will be assisting Adlabs Aqua Magica in commissioning and testing of the pumping system.
